MR Bings

Do your mum and dad understand what you do?

They have a vague understanding of what I do but I don't think they'll ever understand how and why it works.

Are you a workaholic?

Well I spend most of my life creating things but I don't really call it work.

What are you inspired by?

Fuck off, who cares.

How do you come up with ideas?

I don't know.

Why does this website constantly jump from first person to third person?

Mr Bingo doesn't care.

Will you come and speak at our college/university?

Yep, I do this very occasionally, you can contact me about it [here](#). But if I have to fill in lots of forms, I won't do it I'm afraid as I have an aversion to admin.

Do you have any advice for students who want to get into illustration or art?

Make the work that you want to make, don't follow trends, be honest, just get on with it, work harder than people
